REQUEST FOR CORRECTION OF PRIORITY CLAIM

Dear Sir:

In the official filing receipt mailed October 9, 2001, it is noted that the Applicant has entered a claim of foreign priority to Japanese Application 2000-170650. However, the date of priority is erroneously identified as June 7, 2001. In fact, as indicated on the priority document submitted with the application, the date of priority should be June 7, 2000.

Respectfully submitted,

Michael E. Whitham
